3. Meals for Students in Grades 1–12

Lunch can be paid for in advance, which we strongly recommend, as this ensures availability and also offers a more favourable price.

Our Dining Hall operates on an **à la carte** basis, meaning that there are no fixed, pre-set menus. Only the meal itself needs to be ordered in advance; on the day, students can choose which dishes they would like to eat from the available options.

Students may choose more than one type of dish; however, this does not mean unlimited consumption. Portions are served in accordance with the applicable regulations of the Hungarian Ministry of Human Capacities (EMMI). Additional servings are available on a limited basis.

Available meal options:

- Soup
- Main Course I – meat
- Main Course II – meat
- Vegetarian main course
- Vegetable side dish
- Grain-based side dish
- Potato side dish
